## INSTRUCTIONS:
The processes and procedures that govern all faculty evaluations are set forth in Article VII of the SLOCCCD/CCFT Collective Bargaining Agreement (CBA). The performance criteria utilized in this document reflect the professional standards established by the Academic Senate of Cuesta College.

All instructional faculty are assessed by their peers in four performance areas: Instruction (Section I), Interaction with Students (Section II), Instructional Materials (Section III), and Professional & Divisional Responsibilities (Section IV). The peer evaluators then determine an Overall Assessment of Performance, documented in Section VI.

The Division Chair (or Manager’s faculty designee where there is no Division Chair) shall provide input into the evaluation using Section V of this form. Section V should be completed by the Division Chair (or manager’s faculty designee where there is no Division Chair) in consultation with the chair of the Division Tenure Committee/Peer Review Committee. The Division Chair’s (or Designee) input is taken into consideration by the peer review committee in determining the Overall Assessment of Performance.

## RATING RUBRIC:
Instructors are evaluated in each of the performance areas using criteria specified in each section, and rated according to the following rubric:

**Required Improvements**
Comments in this area address specific criteria for which the instructor fails to meet standards as enumerated in any of the sections of the evaluation. These comments will be documented here by the evaluator, and the proposed resolution will be provided by the instructor being evaluated and appended to this evaluation.
