INSTRUCTIONS:
The processes and procedures that govern all faculty evaluations are set forth in Article VII of the SLOCCCD/CCFT Collective Bargaining Agreement (CBA). The performance criteria utilized in this document reflect the professional standards established by the Academic Senate of Cuesta College.

Instructional Designers are assessed by their peers in four performance areas: Instruction (Section I), Interaction with Faculty (Section II), Instructional Materials (Section III), and Professional & Divisional Responsibilities (Section IV). The peer evaluators then determine an Overall Assessment of Performance, documented in Section VI.

The Division Chair (or Manager’s faculty designee where there is no Division Chair) shall provide input into the evaluation using Section V of this form. Section V should be completed by the Division Chair (or manager’s faculty designee where there is no Division Chair) in consultation with the chair of the Division Tenure Committee/Peer Review Committee. The Division Chair’s (or Designee) input is taken into consideration by the peer review committee in determining the Overall Assessment of Performance.

RATING RUBRIC:
Instructional Designers are evaluated in each of the performance areas using criteria specified in each section, and rated according to the following rubric:

Provide comments that specifically justify the overall evaluation. Attach additional pages if necessary. Written comments are required in at least one area below.

**Commendations:**
Comments in this area summarize how the instructional designer has demonstrated an ability that is especially noteworthy, or how the instructional designer’s performance reflects a high degree of effectiveness.

**Considerations**
Comments in this area constitute advice to help the instructional designer surpass standards for specific criteria. They may also represent specific challenges the instructional designer has had to overcome. However, these suggestions do not require adoption and do not have any bearing on future evaluations.

**Required Improvements**
Comments in this area address specific criteria for which the instructional designer fails to meet standards as enumerated in any of the sections of the evaluation. These comments will be documented here by the evaluator, and the proposed resolution will be provided by the instructional designer being evaluated and appended to this evaluation. Additionally, the resolution of these specific deficiencies will be addressed on the self-evaluation form during the next regularly scheduled evaluation cycle.

**Explanation of Overall Assessment of Needs to Improve:**
Comments are required in this area only if the Overall Assessment is “Needs to Improve.” Provide an explanation of the area(s) of substandard performance and recommendations for remediation. The peer evaluation committee chair will utilize this information to develop a plan for improvement and will document the plan on the Plan for Improvement Form.

**Explanation of Overall Assessment of Unsatisfactory:**
Comments are required in this area if the Overall Assessment of Performance is “Unsatisfactory.” This assessment usually indicates that in the judgment of the evaluator, the instructional designer’s performance is gravely deficient. Fully explain the areas of grave deficiency and provide either a recommendation for remediation or explain why remediation in these areas would not be effective. The peer evaluation committee chair may utilize this information to develop a plan for improvement and document it on the Plan for Improvement Form or may recommend that the Vice President of Academic Affairs (VPAA) initiate action pursuant to Education Code Section 87660 et seq. and/or section 87730 et seq.
Upon completion of this form (with all signatures), the chair of the DTC/Peer Review Committee must submit the following items to the Dean/Director’s office:

- [ ] Self Evaluation Form
- [ ] Peer Evaluation Form
- [ ] Faculty Evaluations
